HA5

TECHNICAL SPECIFICATIONS

Power Supply	Strict +5V DC regulated input via a threaded metal screw-locking power terminal socket
Video Inputs	1 x HDMI Type A connector
SDI Compliance	Fully standard-compliant with SMPTE-259M (SD-SDI) and SMPTE-292M/296M (HD-SDI)
Power Usage	Draws a flat profile maximum of 4.0 Watts
Weight	0.21kg
Video Outputs	2 x Looping HD/SD-SDI outputs
SDI Video Sampling	Internal hardware processing utilizes a standard 4:2:2 component video sampling profile
Height	25mm
SDI Rates	Limited to 1.485 Gbps (HD-SDI) and 270 Mbps (SD-SDI)
SDI Colour Precision	Fixed baseline 10-bit YUV processing path
Width	117mm
Depth	61mm
Genlock	No external master sync frame port. It clocks output timing values directly from the input HDMI source wire.
HDCP	No
Multiviewer	Not Applicable
